7. Recognition of Visitors

Mr. Snyder: Is there anyone in the audience wishing to speak to the council this evening? If so please step forward, state your name and address for the record.

Terrie Milnes: My name is Terrie Milnes. I live at 301 Mississippi Street SE, Apartment 3W. And I'd like to thank council for taking a moment to hear me. First off, Mr. Held stopped ... today. Thank you so much. He talked to them ... our road is getting finished - thank god. And secondly I come to you with another matter of importance to me and my neighbors. We're not getting our mail and when we do it's our neighbors' mail. For a month - I received on 10/15 a child support check that was dated 9/14; it was held up. I have called the North Canton Post Office. And I'm - every time they hear my address they say oh, I'm sorry you're on an unassigned route. My children like to eat everyday, they don't care that's it's an assigned route. My neighbors have called. I called 1-800-ASK USPS, I have called the Cleveland Avenue office and talked with them and they told me it doesn't warrant an investigation. My son had midterms that were sent from North Canton High School, Hoover High, four weeks ago, I have yet to receive those midterm reports. And yet nobody at the North Canton Post Office wants to take responsibility - just that it's an unassigned route. Today I was informed that now it's an assigned route. Except the assigned route person that is going to be on my route is working another route. So therefore I still have substitutes on my route, but technically it's an assigned route. My neighbors bring me my mail, I take my neighbors their mail. It's just - it's absolutely - at one point in time my neighbor went down - we have locked boxes cause we're apartment buildings, and you unlock it and pull the panel down and the mailman puts the mail in, she found the keys for the entire postal route still hanging in there. She called the postmaster, 45 minutes later and he finally came up and picked the keys up. I mean it's just so frustrating to us and we don't know who

else to turn to. So my neighbors and myself are now turning to you in the hopes that maybe you could do something that we cannot. And that's all. Thanks.

Mrs. Magel: Mrs. Milnes...

Mr. Snyder: Thank you mam.

Mrs. Magel: did you say this was one month? This has been going on for one month?

Mrs. Milnes: This has been going on for roughly a year and a half.

Mrs. Magel: A year and a half.

Mrs. Milnes: Yes.

Mrs. Magel: Okay.

Mrs. Milnes: My neighbor, who is handicapped, doesn't have - we have like eight steps in front of the building and then a step up in and then the mailboxes are on the inside...

Mrs. Magel: Yes.

Mrs. Milnes: She's had two hip replacements and knee replacements so they put a mailbox outside for her. And she duct taped, now the slot is this big, she put duct tape down with a note that says please deliver my mail to the outside mailbox outside, so she only has to go up three steps. In July of last year, she wasn't receiving her mail. A friend of her's went up and looked, my child support check that I had to have reissued, which takes roughly 30 days or so, had been sitting in her mailbox for three months. And the North Canton postal system told me well sorry, but at least you got it reissued. I'm not hear to cry to anybody. I'm a single working mom and I'll work hard. But I depend on those child support checks to keep my gas and my electric on. And quite honestly I'm not real happy to say this, because one didn't come, my electric was shut off. But I got it turned back on. Everything's good now, but if you could just do me - anything to help me. Anything, I don't care what it is, a phone call a card, if you know somebody that works for them.

Mr. Lindower: Have you contacted your state representative on that?

Mrs. Milnes: I didn't know who to contact until I talked to Mr. Held today. And then I was like okay, well I'll come talk to City Council tonight.

Mr. Linodwer: Yea.

Mr. McLaughlin: Inaudible... David, can you call the post office on...

Mr. Held: Yes, we're going to do that.

Mr. McLaughlin: what don't we - why don't you set up a meeting for Friday morning, I'll be there. Because I'm going to find out why too, see if had to do some with the street or not.

Mr. Held: Yea.

Mrs. Kiesling: No, it ...

Mrs. Milnes: Inaudible... my ...

Mrs. Kiesling: I have the same trouble on my street. Not that bad, but the - all - the majority of the routes are unassigned, they're very unorganized, they're very overworked. My uncle works for the post office, the North Canton one...

Mrs. Milnes: Well my neighbor lady we got her mail in there. And my son he's - he was 15 at the time, this has been about a year ago, I said Mike, this doesn't belong to us it belongs to the neighbors, will you take it over? And this little old lady answers the door and he said mam, I think I have your mail and she goes it's my husband's pension check, thank you. We didn't know where it was and we needed our medicine. I mean they're not delivering greetings from my Aunt Bea in Florida. They're delivering my life, literally, with my child support checks and my bills and whatever else. And they just take it very very - oh I'm sorry I can't think of the word...

Mrs. Magel: Nonchalant ...

Mrs. Kiesling: Inaudible...

Mr. Osborne: Cavalierly ...

Mrs. Milnes: Yes, nonchalantly. They act like it's...

Mr. Foltz: I think it's...

Mr. Lindower: They want to increase the cost of postage again too.

Mrs. Milnes: Well my son saw the new postal service commercial about if there's a black hole your mail will still be delivered, but not if you're in North Canton. And I suggested to the lady at the post office that perhaps she would want to use direct deposit for her pay checks, because don't trust North Canton to deliver them. Anyway, thank you very much.

Mr. Osborne: Mam, I would suggest you start a little bit higher up the pecking order and go straight to Ralph Regula and let them - you know it's a federal agency and you'd get a lot more, I would hope. I've used Mr. Regula for some problems with the Federal Aviation Administration and in two weeks he had it all worked out.

Mrs. Milnes: I'll give him a call tomorrow.

Mr. Osborne: But you know he can deal with the federal government and carry much more weight than a councilman.

Mr. Lindower: He's your state representative, he'll take care of that.

Mrs. Milnes: I'll call him tomorrow.

Mr. Osborne: But I'm surprised to hear that.

Mrs. Milnes: I didn't know what to do. I just kept - I just kept calling them hoping they would fix their own problems and they just ...

Unidentified: It's federal.

Mr. Lindower: Inaudible...federal - well post office is federal...inaudible...

Mrs. Milnes: and they just kept telling me, sorry it's an unassigned route. So...

Mr. Osborne: Well that's not a very good answer. I mean the mail must go through and get to the right person. And you've been very patient if you've waited a year and a half.

Mrs. Milnes: Well we've - we have recently, just today got finished road construction on our street. I walked across the road, my daughter walked across the road, she's three, my sixteen year old son walked across, my handicapped neighbor walked across the road, but the US postal system was not going to deliver my mail because there was road construction on the street and they were afraid he might fall.

Mr. Osborne: This is the first I've ever heard of this drastic a problem. And like I said I would go right to the - Ralph Regula and let them deal with it.

Mrs. Milnes: I will do that tomorrow. I will call him.

Mr. Osborne: And next time I'm in there I will make some inquiries myself, along with several others here.

Mrs. Milnes: That's what I was hoping for sir. Thank you very much. Thank you Mr. Held.

Mr. Foltz: Thank you.

Mr. Held: Thank you.

Mr. Snyder: Thank you madam, appreciate it. Is there anyone else in the audience wishing to speak to the council? Mam, please step forward, state your name and address for the record.

Jennifer Reider: My name is Jennifer Reider. I live at 514 Portage Street. And I have a question about the construction. Is there any type of plan that's going on with this construction? I live where apparently it's been deemed the construction warehouse. Kind of where everything just sits for days and days. I can't - sometimes I can't get out of my drive. I mean I have to have people move. I'm having the residents at the Hillcrest apartment yell and scream at me because I have to go through their parking lot to get out at all. I just don't know if there's some way that we can have a letter sent or there's got to be some plan. I mean tell some ends of the streets they're working on the next day they're on my driveway you know. That - we're having some problems with the school buses, trying to get my son on and off the school bus. They're not sure where to pick him up at. So I'd kind of like a time line of when of when that's going to be finished, what's going on, what streets are going to be closed on what days, anything like that would be greatly appreciated. Just so we can kind of plan ahead on - for some things. I mean we were never told about any of it, all of a sudden one day we had all this crap on our street. So if that could be - could be helped in any way I would appreciate it. Thank you.

Mr. Foltz: What's your address?

Mrs. Reider: 514 Portage Street

Mrs. Magel: Inaudible...

Mr. Foltz: Jim, do you have any idea as far as...

Mr. Benekos: As far as the schedule that's worked out with the contractor and the site inspector. Did you not receive a letter at the beginning of the project?

Mrs. Reider: I never knew ...inaudible... no.

Mr. Benekos: Never did, okay. I'll be sure you - that the inspector contacts you. Are you there during the day?

Mrs. Reider: Yea, I'm usually there all day...

Mr. Benekos: Okay.

Mrs. Reider: because I stay home and babysit. So ...

Mr. Benekos: Okay. And what was your name again?

Mrs. Reider: Jennifer R e i d e r...

Mr. Benekos: Okay.

Mrs. Reider: And I don't know if somehow if those residents at the Hillcrest apartments could be notified. I mean there's myself and a neighbor who share a driveway and then there's one other driveway and we all have to use it to get in and out because the street's closed. So if somehow someone could notify them cause they're giving me dirty looks and yelling at me every time I go through. Thank you very much.

Mr. Held: Thank you.

Mr. Snyder: Thank you mam.

Mr. Foltz: Thank you. Jim, I know today they had the water turned on there on Portage. So hopefully that was a good run. They sent letters out in my neighborhood and we had rusty water for awhile obviously, but I think it's cleaned itself out. And I haven't heard any other complaints. Mr. Benekos: Okay.

Mr. Foltz: So hopefully that's a step in the right direction to get the job completed, as we know. Okay.

Mr. Snyder: Is there anyone else wishing to speak? Larry.

Larry Taylor. My name is Larry Taylor. 1115 Knoll Street, North Canton, Ohio. A month ago I came up and made an urgent appeal. Haven't heard anything for a month so I can only assume since the election is right around the corner that the project must be dead or put off until a later date. I'm reminded of a cousin who had a child that got over sickness. A month later in the book he put, crisis gone God forgotten. I'm going to paraphrase that and say, election gone, Knoll Street forgotten.

Mr. McLaughlin: No, you're wrong because that's my - that's my - I just turned a list into Jim Benekos. That's the first one on the list. So I expect Jim to get that for next year.

Mr. Benekos: They'll be on the list.

Mr. Snyder: Anyone else wishing to speak this evening. All right.

Mr. Snyder: Chairman Kiesling.

Mrs. Kiesling: Yes, these are two homes located on Orion NE that want to be annexed into the city. They currently receive our water and sewer. We need to give a resolution for the services of fire, EMS and police. The public hearing for the County Commissioners is November 25th at the County Building. After that it will come back to us and have to sit for 60 days and then we will begin the process of annexing those two homes into the city. Any questions? Inaudible... and we need it on an emergency, it needs to be done 20 days before the commissioners' public hearing.

Mr. Snyder: Chairman Lindower.

Mr. Lindower: Yea, this is an amendment to Chapter 135, the Administrative Code. It says we've incorporated fire and EMS together to change the name and the Chapter 135, to Department of Fire and Emergency Medical Services to streamline the administrative code book.

Mr. Pusateri: If I could make a comment too. I - the existing ordinances are being incorporated into one ordinance. I think everything's pretty much the same except for the number of volunteer fire fighters was increased from 25 to 60. Is that right?

Mr. Snyder: Director Administration.

Mr. Held: Yes on Mississippi - first off Terrie thank you for your - for coming up and those nice comments, we appreciate that. And Mississippi is now paved. So that - that's looking really well, that project. And I also ask the residents too - we do appreciate their patience because it has been very trying with all the construction that we've had this year. This is a record amount of construction that we've had in the City of North Canton with waterlines and curb, gutter, sanitary lines that have been replaced and it has been very frustrating. And we're working very hard to make sure that we coordinate the contractors and the city personnel. But a lot of the projects are coming to completion now and we're near the end. But we will be out Mrs. Reider, out to your house tomorrow to see how we can help you.

REPORTS - COUNCIL:

Mr. Snyder: Member Foltz.

Mr. Foltz: It was very pleasing to see a lot of people were taking advantage of the leaf disposal that's offered here as far as the bags. I unfortunately don't have any trees in my yard of any proportions any ... so I can't use them. But it's nice to see the public step up and care about recycling.

Mr. Snyder: Member Lindower.

Mr. Lindower: Yea, Doug just said exactly what I was going to say. I noticed moving about Ward 2 as well as the rest of the city that it looks as though several citizens are taking advantage of the recycling and using the recycling bags. So I think it's a good project and I'm really happy to see it working that well. That's all I have.

Mr. Snyder: Member McLaughlin.

Mayor Rice: Jon, Jon, if I...
 Mr. Snyder: Excuse me.

Mayor Rice: Since they mentioned that I'll tell you. We have I think pretty current figures are, we've had approximately a 1,000 homeowners come to the city to pick up bags. We've got roughly a 1,000 people, which is phenomenal percentage of participation that are doing the leaf recycling. At least the people that have come into the Civic Center to pick up bags.

Mr. Snyder: That's phenomenal.

Mr. McLaughlin: On the same line unfortunately the bags were out on my street for last Friday's pickup and they never picked them up. The whole - Overridge, those bags have been sitting there all weekend long since the rain and everything else like that. They did not - they picked up the plastics, they picked up the garbage, but they never came back for the leaves.

COUNCIL OF THE CITY OF NORTH CANTON

REGULAR

Meeting

DAYTON LEGAL BLANK, INC., FORM NO. 10148

Held Monday, October 27, 20⁰³

Mayor Rice: Inaudible... that - if you ever - if that ever happens all you got to do is call in here and get Kim and she calls. Because they miss and they're real good about right back .

Mr. Held: Inaudible... back same day.

Mr. McLaughlin: Yea, make sure you get them out there.

Mayor Rice: Now what happened - what did happen to some people - cause the bags started to be given out, I think it was the week of the 13th, pickup didn't start till - you know we started passing the bags out a week ahead of time so it gave people a chance to bag them. Pickup didn't start till the following week, the week of the 20th. Some people that very first week bagged them and inadvertently put them out and then wondered why they weren't getting picked up. But we talked to a lot of those folks and they said no problem and they left them there. So some of them were there because they inadvertently set them out a week in advance. But if anybody - that goes for anything Rick. If anybody misses regular trash pickup...

Mr. McLaughlin: Well I thought for sure they'd come back.

Mayor Rice: recyclables or leaves all they've got to do is call in here and get and Kim is in constant contact with their customer service people

Mr. McLaughlin: Good.

Mayor Rice: and if they miss somebody or a street or something they'll come back.

Mr. Held: Yea, they'll come out that day.

Mr. McLaughlin: If you could get them out tomorrow I'd appreciate it to clean up some of this.

Mr. Held: What street was that?

Mr. McLaughlin: Override and you've got some on Clearmount and everything else. They came back and picked the garbage, picked the plastics; never came back for the leaves.

Mr. Held: Okay.

Mr. McLaughlin: I thought sure they'd come back on Saturday.

Mr. Held: We'll take care of that.

Mr. McLaughlin: Second of all is I've got a letter here from residents on Southwoods Lane SE, a small little street. They would like to have water extended up to them. We talked about this before. It's right after Pleasantview - the street after the bridge. And I think we talked about this before Jim, there's only - there's only like about 9 - 8, 9 residents on there and it goes up hill and I think that was one of the problems we - we had with them was the getting the flow and everything else like that. If you would take a look at that and see if there's a possibility. I know at one time ... a few years ago you did and you said it was going to be expensive.

Mr. Benekos: The question is who pays for it.

Mr. McLaughlin: And that's going to be the question I'm going to propose to them.

Mr. Snyder: Well that's outside the city.

Mr. McLaughlin: No Southwoods - no, you have the west side is not the east side is in Plain Township - some of those people are in Plain Township on the other side of the street. So if you'd work up - you know give me an idea...

Mr. Snyder: I don't even think that street is dedicated.

Mr. Benekos: I think it is a private street. If ...

Mr. McLaughlin: It is? Could you check that out for me and let me know.

Mr. Benekos: Could you give me a copy of the letter please?

Mr. McLaughlin: Sure.

Mr. Benekos: Okay.

Mr. McLaughlin: I'll make sure. And the last thing is David, I want to make sure you got with Carolyn over the busted main ...inaudible... Okay, you took care of that?

Mr. Held: Yes.

Mr. McLaughlin: I appreciate that.

Mr. Snyder: Member Kiesling.

Mrs. Kiesling: No report.

Mr. Snyder: Member Magel.

Mrs. Magel: Yes, I'm one of the ones recycling with those bags. So Doug if you miss raking legs - leaves, just let me know.

DAYTON LEGAL BLANK, INC., FORM NO. 10148

Held Monday, October 27, 20⁰³

Mrs. Kiesling: Yea and go pick up your bags and you ...

Mr. Foltz: I'll delegate that to my son. So he'll be over.

Mr. McLaughlin: I'll tell you what, we could dump some on your lawn tomorrow.

Mrs. Magel: Mrs. Reider, whenever they come - Mr. Held comes, I'd like you to make sure you coordinate with that school bus. Didn't you say you weren't sure with - they're not sure when or where to pick up your children.

Mrs. Reider (speaking from the audience): Yea, we're working on it.

Mrs. Magel: Okay.

Mrs. Reider: It's just - it depends on what's closed.

Mrs. Magel: Okay.

Mrs. Reider: Inaudible...babysit and I can't - if it's raining ... I can't take all five kids out to walk two blocks to get a bus that's supposed to come in front of my house.

Mrs. Magel: Okay.

Mrs. Kiesling: It's frustrating.

Mrs. Reider: Inaudible... right. I mean she doesn't know ...inaudible... Sometimes it says it's closed and it's not. Sometimes it doesn't say it's closed and it is. So she doesn't know whether she can get down the street or not.

Mr. Held: Okay.

Mrs. Magel: Well that's what I'm saying, I think we can coordinate that with the school system. So make sure that gets worked out.

Mrs. Reider: Inaudible...

Mrs. Magel: Because that's - you want to know if your children are picked up on a school bus. Thanks. That's all.

Mr. Snyder: Thank you. Member Osborne.

Mr. Osborne: No report.

Mr. Snyder: I have nothing.
